THE ROTARY GREENS BRUSH IS USED IN MANY DIFFERENT APPLICATIONS SUCH AS CLEANING DEBRIS OFF GREENS AND TEE BOXES. IT IS ALSO THE BEST TOOL TO INVIGORATE THE TURF FOR SPRING GREEN-UP.

POPULAR TRI-PLEX GREENS MOWER

THE MOST EFFECTIVE, & ECONOMICAL WAY TO BRUSH YOUR GREENS !

AS OPPOSED TO FIXED BRUSH SYSTEMS; THE ROTARY GREENS BRUSH DOES NOT SKIP, JUMP OR BRUISE THE TURF. THIS IS POSSIBLE DUE TO THE SPIRAL DESIGN AND ROTATION SPEED OF THE BRUSH. FURTHERMORE, THE SPINNING ACTION ALLOWS THE BRUSH TO EVENLY DISPERSE THE SAND EVEN ON SPOTTED TOPDRESSING CONDITIONS.

THE AGRIMETAL ROTARY BRUSH ALLOWS YOU TO DEEPLY SETTLE THE SAND IN THE TURF GRASS AS NOT PREMATURELY DULL YOUR MOWER REELS.

GREENS ROTARY BRUSH

WITH THE AGRIMETAL ROTARY BRUSH, AERATING AND TOP DRESSING CAN BE DONE WITHIN MINUTES LEAVING BEHIND A PERFECT PUTTING SURFACE.
